Mosquito Control Resolution Adopted By Hancock CC

A resolution unanimously adopted by the Board of Directors of the Hancock County Chamber of Commerce at their regular May meeting recommended that the county of Hancock be declared a mosquito control area by the State of Mississippi. This action of the Chamber of Commerce was in opposition to a proposal by the Coast Council of the State of Mississippi at a meeting held in Gulfport May 15, 1963, which proposed that the estimated \$150,000.00 annual cost of such a control program be financed by a yearly contribution from each of the three counties. Hancock County's share was tentatively estimated at \$50,000.00. The program is aimed at eliminating the mosquito over a period of ten years.

In support of the recommendation that the State of Mississippi be declared a mosquito control area, the Hancock County Chamber of Commerce gave the following reasons:

The State Agricultural and Industrial Board spends large sums of money advertising the Mississippi Gulf Coast as a resort area. The presence of the mosquito substantially nullifies the effectiveness of such advertising.

The State Agricultural and Industrial Board spends large sums of money each year to attract new industry to various parts of the State. The presence of the mosquito in this area certainly not conducive to the location of new industries in this section of the State.

The Mississippi Gulf Coast pays a large and very substantial sum into the State Treasury each year from sales tax, and whiskey tax, and general tax. A decline in tourist trade in this area because of the mosquito could substantially reduce such tax income.

With 134,000 acres of land recently taken off the tax rolls of Hancock County as a result of the action of the Mississippi Test operations within the county, and the additional burden of conducting new schools, expanding facilities of existing schools, and the imperative need of expanding its existing hospital facilities, Hancock County would find it extremely difficult if not impossible to impose additional levies upon its citizens for a mosquito control program.

HEADS CONSTRUCTION OFFICE AT NASA MISS. TEST SITE

Charles A. Jackson, a construction engineer with 34 years of experience with the Army Corps of Engineers, has been named Area Engineer for the Corps of Engineers at the southwest Mississippi sprawling Space engine test complex being constructed for NASA's Marshall Space Flight Center by the Corps of Engineers and will be directly in charge of construction operations.

Colonel D. A. Raymond, District Engineer, made the announcement today and said that Jackson and a small staff of assistants will officially open a temporary office in Gainesville on Monday, June 3. Colonel Raymond said that additional construction engineers and technicians will be assigned to the new office as additional work for NASA is placed under contract and construction operations increased.

The Mobile District of the Army Corps of Engineers is NASA's Marshall Space Flight Center's agent for construction at its huge Mississippi engine test site.

The newly assigned Area Engineer is a native of South Carolina and a civil engineering graduate of Clemson. Starting out with the Corps of Engineers in 1929 as a surveyman on levee work at Cairo, Illinois, Jackson became an expert in heavy construction and supervised contractor operations at a number of large Corps of Engineers projects.

Among major projects supervised by Jackson are the Allatoona Dam and Powerhouse near Cartersville, Georgia; Buford Dam and Powerhouse at Buford, Georgia, and the Hartwell Dam and Powerhouse on the Savannah River near Hartwell, Georgia, at a cost of \$90 million.

Jackson is a veteran of World War II and is a lieutenant colonel in the Corps of Engineers Army Reserve.

Mrs. and Mrs. Jackson will make their home at 360 Jeff Davis Ave., Waveland, Mississippi. The couple have two grown children, who are residents of South Carolina.

Three Youths Injured

Three youths were injured in a one-car accident Tuesday morning when their car hit a soft spot in the road and the driver apparently lost control of the vehicle.

Chief Deputy Sheriff Gerald V. Price Jr. identified the boys as Stevie Key, son of O. J. Key, Michael Plunkett, son of Mr. and Mrs. J. H. Plunkett, and Whitney Carvin Jr.

The injured were brought to Hancock General Hospital and Key and Plunkett were later transferred to a hospital in New Orleans. The accident occurred on Felicity Street near Joe's Bayou.

Chief Deputy Sheriff Gerald Price reported burglars used an acetylene torch to burn through the side of a floor safe in the office of Gulf Chevrolet Company located on U. S. Highway 90, near the Bay St. Louis City Limits last Wednesday night.

A preliminary investigation, Price said, indicated only about \$50 in currency was missing.

The burglary was discovered early Thursday morning when a Negro employee opened the building, the officer added.

According to Price, the intruders broke a side window in the shop section to open a latch and gain entry. A door leading into the office where the safe is located was pried open. The burglars, he said, wheeled an acetylene torch and tank from the shop into the office and burned through two layers of steel on the side of the safe. A concrete inner wall was broken out and a third layer of steel forming an interior barrier was also cut open with the torch.

A steel bar, a broken axe and a lug wrench, property of Gulf Chevrolet, were found lying on the floor. Price reported. He also said the burglars ransacked desks, drawers in the office, leaving untouched several dollars in one drawer. Nothing else of value was reported missing.

Deputy Sheriff Donald Marquar reported three boys driving a pickup truck pulling a car overturned in the swamp near Pearlington Saturday. The tow bar apparently broke, Marquar said, and causing the accident.

The boys, unidentified by Marquar, were brought to Hancock General Hospital by ambulance for treatment of injuries, he added.

Damage to the car and truck were estimated by the deputy at approximately \$500.

REV. STOECKE DIED AT ST. AUGUSTINE'S

The Rev. William Stoecke, 85, of the St. Francis Xavier Mission of San Francisco, Calif., died Tuesday afternoon at St. Augustine's Seminary in Bay St. Louis.

Father Stoecke was born Dec. 9, 1877, in Hannover, Germany, and spent nearly all his adult life in missionary work with the Japanese.

A Divine Word Missionary, he spent many years in Japan and finally with the Japanese mission in San Francisco. Father Stoecke had been in Bay St. Louis the past five months.

Survivors include two brothers, August S. Stoecke of Calistoga, Calif., and Ernest Stoecke of Germany and two sisters, the Meddames A. Kaiser and A. Dresbach, both of Germany.

The body was transferred this morning from the Riemann's Fahey-Whitfield Funeral Home to the seminary church where it will lie in state after 5 p. m.

The funeral service will be held 9 o'clock Friday morning at the St. Augustine Seminary Church. Interment will be in the seminary cemetery.

The Fair will be held on the Our Lady of the Gulf School grounds so come on out and bring your friends.

REV. PRICE TO COLLINS' MISS.

Rev. E. E. Price, pastor of the Main Street Methodist Church, has been transferred to Collins, Miss. He will be replaced by the Rev. A. L. Martin, former Collins pastor.

Rev. and Mrs. Price and son Willie left this morning, and the Rev. Martin and family will arrive tonight.

Raymond Louis Free, 20, of Alabama, is being held in Hancock County jail awaiting a hearing before Beat 5 Justice of the Peace Nellus Rhodes.

Deputy Sheriff Donald Marquar, investigating officer, said Free was arrested Sunday when he attempted to break in a house on Spring Wood Park, Highway 90.

MARQUAR CANDIDATE FOR OFFICE OF CONSTABLE, BEAT 5

The Hancock County Eagle is authorized to announce the candidacy of Donald Marquar for the office of Constable, Beat Five, in the August Democratic Primaries. Mr. Marquar's statement to the voters of Beat Five follows:

To the citizens of Beat Five, Hancock County, Mississippi:

I take this opportunity to submit to you my candidacy for Constable of Beat Five, subject to the Democratic Primaries in August of this year.

I am thirty-five years of age, and was born and reared in Bay Saint Louis. I received my education in the public schools of this city. I lived with my grandparents, Mr. and Mrs. Andrew Poydour, until I enlisted in the Navy during World War II. I saw active service in the Atlantic area during that War, and served a total of five years during World War II and afterward.

After receiving an honorable discharge from the Navy, I returned to my home in Bay St. Louis, where my wife and I were married. She is the former Lois Asher of Lakeshire, and we have two children, a boy and a girl.

I am presently serving you as Deputy Sheriff, and I have been serving in this capacity for three and one-half years. As such it has been my duty to assist in every activity in which the Sheriff's office is engaged, including investigations of complaints indicating the commission of misdemeanors or felonies of every character, the apprehension and arrest of criminals, or of those charged with crimes, and on number of occasions I have without assistance arrested and brought into the Sheriff's office for booking, persons who were acting in a violent and threatening manner, all of these services have been done and carried out in a satisfactory manner.

Being the father of two school children, I have of course, a special interest in children of the community, and as a result of this interest, it has been my custom during the time I have been Deputy Sheriff, to be on hand at the public school during the afternoon when the buses are loading to patrol the highway, either immediately in front of the bus, or just behind them, until the children were safely deposited at home or at the place where they usually left the bus. In doing this, I was not under special instructions, but having observed many accidents, or near-accidents where school buses are involved, I felt that the presence of the patrol car, traveling near the buses would serve as a reminder to motorists who might otherwise not observe the school bus about to stop, start, or turn, until it was too late to stop without collision. From my observations while making these patrols, I am certain that a number of accidents have been avoided, because of the presence of the patrol car.

I hope to be able to see and talk to each of you personally between now and the date of election, but that may be impossible because I will also have to carry on my duties as Deputy Sheriff during that time. However, I do earnestly seek your vote and support for the office I am seeking, and I assure you that if elected, I shall be at all times available and anxious to serve you, when the need arises, as Constable of Beat Five.

Respectfully,
DONALD MARQUAR

Equipment for the time service was installed last week by F. Glen Clements, field engineer for the Audichron Company, and officially put into operation June 1 by Howard N. Bradford, Customer Service Engineer for the Gulf Coast area, Southern Bell Telephone Company.

Audichron permits you to dial your telephone and a voice gives you the correct time any hour of the day or night.

The electro-mechanical equipment is located in the Bay St. Louis office of the Telephone Company. Audichron automatically awaits and responds to your call within ten seconds.

A similar service, also provided by Hancock Bank, has been operating in the Harrison County area since 1958. The telephone time service receives an average of 150,000 calls each month.

MRS. RITA LORENZEN DIED SATURDAY AT HOSPITAL

Mrs. Loretta Catherine (Rita) Lorenzen, wife of Julian H. Lorenzen of Bay St. Louis, died at 12:30 p. m. Saturday, June 1, at Hancock General Hospital.

Survivors other than her husband are a brother, Russo Lutes and two sisters, Mrs. Amy Loudon and Mrs. Velma Turner, all of New Orleans.

Services were held at 3 p. m. Sunday from the Thompson-Tharpe Funeral Home, New Orleans, with the Rev. Charles R. Johnson of Christ Episcopal Church, Bay St. Louis, officiating. Interment was in Metairie Cemetery.

TO MEET
The American Legion Auxiliary will hold its regular meeting at 8 p. m. Monday, June 10, at the Legion Home.

All members are urged to attend as officers for the coming year will be elected.

"ROMANOFF AND JULIET AT LITTLE THEATRE JUNE 27, 28, AND 29

The stage crew of the Bay St. Louis Little Theatre is wrestling these hot summer days with one of the most elaborate sets ever to be presented for the delight of their admiring audience. It is no small feat to erect the Main Square of the gayest and most whimsical capital in all Europe on a stage not much larger than a pocket handkerchief. But, under the direction of the Little Theatre's technical Director, Norman Carter, ably assisted by Captain Harold Powell and Harry Ward, this miracle is currently taking place.

This is the setting for the Little Theatre's second play of the 1963 season, "Romanoff and Juliet," by Peter Ustinoff, which will be presented at the playhouse on Boardman Avenue on the nights of Thursday, Friday and Saturday, June 27, 28 and 29th.

The Board of Directors, through this medium extends an especial invitation to all of our summer residents, visitors, and particularly all of the new residents connected with NASA, to enjoy our theatre with us. Memberships are still available (at summer prices) and tickets for Romanoff and Juliet may be purchased at the theatre on the nights of performances.

Time-of-Day Service Is Installed Here

Leo W. Seal, president of Hancock Bank, has announced the installation and operation of equipment to provide residents of the Bay St. Louis area and Hancock County telephone time-of-day service.

"This new service in the Hancock County area," Seal said, "will enable residents to obtain the correct time any time, day or night, by dialing 467-4051."

"Punctuality is one of the traits of a good businessman," he said, "and time is of the utmost importance. Being to work on time, keeping important appointments, attending meetings, civic and social functions on time are matters of personal courtesy as well as professional necessity."

"Hancock Bank is happy to provide this community service in Bay St. Louis and the Hancock County area, and we cordially invite everyone to use the telephone time service day or night," Seal said.

Equipment for the time service was installed last week by F. Glen Clements, field engineer for the Audichron Company, and officially put into operation June 1 by Howard N. Bradford, Customer Service Engineer for the Gulf Coast area, Southern Bell Telephone Company.

HUBBARD SEEKING RE-ELECTION AS SUPERVISOR, BEAT 5

The Hancock County Eagle is authorized to announce the candidacy of R. G. (Manny) Hubbard for re-election to the office of Supervisor, Beat Five, Hancock County, subject to the action of the Democratic Primary election in August.

Mr. Hubbard's statement to the voters of Beat Five follows:

To the Voters of Beat 5:

When campaigning for election to office, promises are made which are intended to "sway" the voters. Each candidate thinks he is the best qualified for the office he is seeking, and tries to impress you by offering a platform which, if possible to accomplish, would be the ultimate in government.

Unlike most candidates, I have never offered a platform, and the only campaign promise I ever made was "to conduct my office with dignity, honesty and sincerity, being conscientious and untiring in my efforts to serve you."

"I have done throughout the years I have served you on the Board of Supervisors. I worked incessantly to bring about a sound, progressive government in Hancock County, putting forth my best effort to serve you well, with foresight in the expenditure of public funds, and a good judgment in dealing with problems which effect your welfare."

Because Sound Leadership is Exemplified by Actions and not Mere Words, our county has made greater strides in the past ten years than in its entire history, in sound management and solid achievements.

Many of you know that some of the projects accomplished did not come easily. Very often it was an up-hill fight, with new obstacles at every turn. Your confidence in my integrity and leadership has been as gratifying to me as has been the satisfaction of the achievements made.

We have come a long way! With the opportunity of expansion and growth such as we anticipate in the immediate future, and your knowledge of my policies and experience in public office, I hope you will enable me to continue to serve you by re-electing me to the Board of Supervisors.

Sincerely yours,
R. G. (MANNY) HUBBARD

Kantcha Ketchum
There has been no reason why those who like to fly fish haven't gotten their share of green trout and perch. They have been striking like old times most everywhere. Right now up Pearl River way they are striking small minnows and shrimp. Popping bugs are the best baits and especially if they resemble minnows.
It is always good to try different baits because green trout are especially funny when it comes to choosing what they want. We think the old idea of what color is best is all the baloney. Action of the bait is most important. Speaking of baloney, remember when Claude Kohler Jr., then a Boy Scout caught a 3 pound green trout on a piece of baloney. Remember Claude? It is funny how new baits manufactured each year prove to be good ones but some old time baits will catch fish. Remember when the Slim Jim, Hawaiian Wiggler, Hoala Popper and Mae West, etc., baits caught their share of fish? Ask the old timers who used them.
Now that we are settled on baits, fish are still being caught aplenty on shrimp and earth worms. Saw a few speckles caught as high up as Pearlington in Pearl River and East Middle River this week. Bass are also being caught on these live baits.
See where Michael Lang is writing a sports column for the Eagle. Keep up the good work Mike. That is how I got my start years ago. There always has to be a beginning.
Speaking of those who get their share of fish, Judge Renee Viosca caught 3 reds and 56 specks last week. The Judge is one of our best red fish fishermen and usual.

ST. ROSE DE LIMA COMMENCEMENT
Claudette Bradley delivered the valedictory address at St. Rose de Lima commencement exercises Sunday. Josephine Swanner gave the salutatory address, and Karen Daniels the class motto. Rev. Ahel Dicks, S. V. D. addressed the class. The Rev. Francis Wade, pastor of St. Rose de Lima Church presented awards to Claudette Bradley and Josephine Swanner for four years perfect attendance.
Claudette received the history award; Josephine, Latin; Karen Daniels, English; Carolyn Freightman, mathematics; Dwight Favre, athletic; the cash award given by the Methodist Church went to Karen Daniels, and the Negro Civic Club award to Patricia Favre.
In the freshman class, Joseph Hudson and Frances Morgan merited the all around scholarship keys and in the Junior class Chiquita Joseph and Melaine Robateau received the perfect attendance award.
ly gets his share.
Another addition to the ranks of fly fishermen is Red Reinike. Red has taken to this sport enthusiastically and is improving right along.
Horace Farr caught some specks out front last week. He usually gets his.
Made a bad decision when I picked Frank Trapani's "Traps" to beat Reinike's "Dirt Dobbies" in the softball game last week. Red's team beat them 6-1 in a hotly contested game.
Mr. and Mrs. Leo J. Donegan were over last week on a vacation trip. They enjoyed themselves mingling with friends and other sports.
Willie P. Boswell and family expect to have some good times on the newly renovated wharf in front of the old Camor's home which he purchased on North Beach.
Jimmy O'Brien was over checking on his home and boat last week. Jim expects to do some fishing soon after a little lay off. He has a love for this kind of sport and was talking how he used to get them.
A good place to enjoy some well eats after a fishing trip or other sports is at "The Pines" on Highway 90 near Nicholson Ave. Jimmy Stevens is in charge of the restaurant and Dick Daley has charge of the Lounge.
Met two likable fly fishermen in Clayton Morris of Daleville, Ala., and Hubert Harrison of Eulanta, Ala., last week. They have been here working on the NASA Project and enjoying some fishing. They are ardent fishermen and Hubert makes his own baits. See you fellows later. We will make that trip together.
Mayor Scaffie and son John, caught a few bass and perch Sunday. The mayor is rather busy right now but manages to get in a little time enjoying his favorite sport.
Had a nice letter from Bob Schumann of LaVerne, California whom I met on our recent trip to Oklahoma. He is a swell fellow and said:
Your Hancock County Eagle arrived with its fine article. My wife and I have spoken of you fine folks many times wondering how you made out on your trip. After reading your article it answered all our questions.
I started back to work and am now thinking about next year's vacation and hope some day to be able to come visit you just long enough to catch a few.
Our fishing is mostly at Lake Puddingstone which is a man made lake and stocked by the State Fish and Game Commission. The season opened on May 1st and on that day fishermen were shoulder to shoulder around this lake.
Bob we have so many fishing areas hereabouts that if fishermen were shoulder to shoulder we could accommodate a couple of million. Thank you for the letter and hope we will be seeing you.
Among those who have been catching soft shell crabs recently were Ree Elliott, John Scaffie, Jr., Henry Lang, John Dambolino, Russell and Luke Elliott, Steve Church and others. They are getting them in the wee morning hours. Never mind the size, they are still well eating.
Mr. and Mrs. Dan Haggerty were over Sunday visiting relatives. No time for fishing, but they will be back in July with the 11 pelicans to spend two weeks. The boys will furnish the seafood.
Luke Elliott, Sue and Chip were down from Baton Rouge for the weekend. Of course we got in some fishing.
Perre Quintini is still getting his share of green trout and perch. Think he would go every day if it were possible.
Was a pleasure to meet Milton Stoufflet, Lloyd Garcia and Bob Ladner Saturday and shooting the well regarding fishing etc. Ed Orte was in on the jambovie. It was a lot of fun greeting old friends and reminiscing old times.

The St. Stanislaus Rock-A-Chaws will have a nine game grid season this year. Six games will be played at home this year instead of the regular 5. The Rocks start the season against the Hahnville Tigers of Hahnville, Louisiana here at Rock-A-Chaw stadium. The Rocks will have two new foes this year, McDonough La., and Thibodaux College, La., The rest of the schedule is as follows: Napoleonville, Benjamin Franklin of New Orleans, (homecoming), Moss Point, Picayune, and Notre Dame.
The Rocks will run in the "T" formation this season instead of the single wing, they ran the single wing last season which proved not to be too successful. With the "T" formation the Rocks should have a good season. Though they lost a good many lettermen last year, a good number will be returning. Brother Dacian is athletic director for this year and Billy Murphy head coach. Preseason training will start in the last two weeks of August.
Bay-Waveland Yacht Club finished fourth in the fourth annual Chapman Trophy regatta. Biloxi won the trophy on a total point basis. Dick Reeves took first place in the initial event Saturday afternoon.
The third round of the triple crown will run this Saturday at Belmont and it seems that Candy Spots will be a sure thing to take it. The way things appear Candy Spots is the only horse in the race. Never Bend had to be withdrawn because of an injured foot. No Robbery is about the closest thing to getting in the Candy's path and Cheaugay I think will see better days.
Softball teams and fans be on the lookout for this team. They call themselves the C. V. O. From last Wednesday night's game they not only have a team they have something else that just won't quit. They shaved Southern Realty 4-3 in a nine inning duel which kept everyone on the edge of their seats from beginning to end. The game went into the bottom of the ninth after several innings of 3-3 tie and that's when it happened. There was a man on second as next batter came up. hit a long fly, the fielder caught it, then dropped it and that big run of second came on home. Southern Realty thought they had the cat in the bag but they had a tiger by the tail.
SJA SENIOR GETS SCHOLARSHIP
Susan Lafaye, St. Joseph Academy graduate, Class 1963, received a four year competitive scholarship to Barat College in Lake Forest, Ill. The award was made on the basis of her C. E. E. scores.
Kathleen Thompson received a four year scholarship to Siena College in Memphis.

Bim is a clown—that is his business. He can always do the wrong thing at the right time.

But Bim is no fool. Out of the circus ring he always tries to do the right thing at the right time. Those winter Sundays in Florida, before the show goes on the road, you might sit next to Bim in church, and never know he is a clown.

And even though on the road, when Sunday is moving day, Bim gets out his old worn Bible and his teacher's guide, and with his own kids, and with all the other "show" kids gathered 'round him, there is Sunday School on the circus train.

You see, Bim is a Christian, living his faith through all the complications of a strange occupation. He is not a mask—he is Bim. He is the Churchman of a circus train—the Sunday School teacher of show business. He knows when to put fun and frolic aside, and turn to the Truth by which we live!

The Church invites you and your family to worship next Sunday and every Sunday.

HOME AGENT'S NOTES

MARCIA P. HUGHES
Home Demonstration Agent

Clothes moths and carpet beetles damage all woolen fabric, furs, feathers, down, bristles, hair and mohair. It is the larvae (caterpillars) of the clothes moths that do the damage. Carpet beetle larvae also feed on cereals and other grain products.

Good housekeeping is important in preventing or controlling carpet beetles and clothes moth. Regular use of your vacuum cleaner removes lint the larvae feed on.

Carpet beetles are more apt to damage carpets and rugs under heavy furniture where it is hard to clean regularly and thoroughly. They also cause trouble where carpets fit close to walls, especially if the carpet is under the quarter round.

Keep closets clean by using the vacuum cleaner or by other cleaning methods. Spray baseboards, closet floors, walls, carpets and other places in your home where these insects may be. Use a household DDT spray. Use only chlordane spray to treat edges of wall-to-wall carpets. Chlordane or diel-drin are better than DDT for stubborn cases of carpet beetles.

DRAPERY HINTS

You will find helpful these hints on buying and caring for your draperies: Shop for quality merchandise. Ask for sanforized or pre-shrunk fabrics. Buy dyed fabrics that are resistant to sun fading. Buy material that is properly labeled.

Good workmanship in construction of draperies is as important as the quality of the fabric itself.

If possible, rotate your curtains and draperies often from sunny windows to an unexposed side of the house to equalize the effect of the sun.

Be sure to tell whoever launders or dryclean your curtains or draperies if they contain glass yarns. They require special handling. Tell the cleaner also of other fibers in your draperies or curtains.

YOUR FAVORITE POTATO PANCAKES

To make your favorite potato pancakes round, fold a 2x8 inch strip of aluminum foil into half to make double thickness. Form into a circle and place in skillet. Drop the pancake mixture into the foil circle to form it perfectly round and let stay until ready to turn pancakes.

PEACH VARIETIES SHOW DIFFERENCES IN COLD DAMAGE

STATE COLLEGE, following an unusually severe winter, Experiment Station horticulturists found a great difference in cold resistance among the many peach varieties in their research orchards.

When blooming began in March, Dr. J. P. Overcash scored the amount of blossoms on each tree. His tabulation of results on 84 varieties is available on request from the Experiment Station at State College. All trees were three or more years old and each variety included two or more trees.

The results showed that many varieties had very light blight. Some of the early ripening varieties such as Cardinal, Coronet, Hiland, Maygold and Keystone appeared to be highly susceptible of cold injury. The commercial varieties, Triogen, Ranger, Halehaven and Dixie, did have sufficient blossoms to produce even a light crop.

Among those varieties which showed the least cold damage were: Ambergen, Georgia Belle, Golden Jubilee, Jerseyland, Magill Hardy, Redbird, Redhaven, Sun-Rise and two nectarines, Red Chief and Lexington.

"Peach growers in central and North Mississippi should include in their future plans some of the varieties which showed little cold damage to flower buds," Dr. Overcash said. "Consideration must also be given to whether these varieties fit the ripening season and fruit quality characteristics required by each grower's market outlets."

COAST MEDICAL SOCIETY PLANS ANTI-POLIO DRIVE

The Coast Counties Medical Society, at their last meeting, decided to sponsor and put into effect a Coast wide anti-polio oral immunization campaign. This area includes Hancock, Harrison and Jackson counties.

The steering committee to develop and promote plans for this undertaking consists of Dr. B. E. O'Mara, Biloxi, chairman; Dr. W. E. Calhoun, president Coast Counties Medical Society, Moss Point; Dr. M. F. Kuluz, Pascagoula; Dr. L. B. Centanni, director Jackson county health department; Dr. R. T. Furr, Ocean Springs; Dr. E. T. Riemann, Gulfport; Dr. A. N. Morphy, director Harrison County health department; Dr. C. T. Floyd, secretary Coast Counties Medical Society, Gulfport; Dr. J. Kitchings, Long Beach; Dr. C. D. Taylor, Pass Christian; Dr. A. K. Martinovich, Bay St. Louis.

On May 30 the committee met with representatives of Lederle Pharmaceutical Co., Pfizer Pharmaceutical Co., and Wyeth Pharmaceutical Co., the three companies authorized to manufacture the Sabin Oral Polio vaccine to receive bids on the purchase of the vaccine. Pfizer Pharmaceutical Co., the low bidder has already earmarked 200,000 doses for the first immunization day. Due to the vast amount of effort required to implement this program, it was

BAPTIST WSCS MET AT DAVIS HOME

The Afternoon Circle of Women's Missionary Society of the First Baptist Church met last Tuesday at the home of Mrs. Suzanne Davis.

Mrs. Homer Gregory presented the program on Stewardship of time.

Others attending were Mesdames Emory Green, Frank Pike, M. McKay, J. S. Daily, and A. E. Alexander.

The night circle met at the home of Mrs. Anthony Scudiero with Mrs. Henry Rothman, chairman, presiding.

Mrs. Frank Pike, WNU president discussed the missions project for the month, collecting clothes for needy families.

Mrs. Mike Necaise presented an illustrated program on educating Youth in Missions.

Attending were Mesdames Emory Green, James Fillingame, Shirley Grace, J. E. Erwin, Phoebe Beauchamp, A. L. Green, Marvin Tabor.

decided the first D-day should be in September after the schools open. A greater percent of the younger children and the teenage group can be reached at that time and a more successful campaign result. It will be urged that infants from one and one half months of age and the entire population, with no age restriction on adults, participate in the program.

NEW METHOD FOR APPREHENDING WOODS ARSONISTS

The Mississippi Forestry Commission has found a new tool for assisting law enforcement officers in apprehending woods arsonists," says Forester G. D. Purvis of Bay St. Louis.

He added that the Commission uses up to 20 airplanes in its fire detection work, which are especially valuable during periods of heavy weather when visibility from fire towers is reduced below 15 miles. The planes are able to detect many fires which cannot be seen from the towers.

In addition, they can advise the

townsmen which smoke are from legal fires under control by the owner, such as burning brush piles or trash. This information enables the fire fighting crews to be sent directly to the woods fires, rather than having to check on all smoke. Thousands of acres of valuable timber have been saved from burning through the use of air patrol, says Purvis.

The new tool being used by the Commission is the aerial camera," explained Forester Purvis. He added that a good aerial camera can photograph an incendiary at the scene of the fire. It can also provide an identifying auto tag number, through enlargement of the photograph of a suspect's car.

When a fire detection pilot is able to spot an arsonist at work he can summon the air of law enforcement officers by two-way radio. One patrol pilot recently stayed over a suspect until he was arrested. He was later indicted by the grand jury and is awaiting trial.

Forest fire laws provide that any person convicted of setting fire to the woods, meadow, marsh, field or prairie of another shall be sentenced to serve one to two years in the state penitentiary or fined \$200 to \$1,000. Both imprisonment and fine may be imposed. During the past few months

one person was sentenced and is serving time in the penitentiary. Several have received such sentences suspended on good behavior.

"Everyone loses money when this destroys timber," emphasizes Purvis. "The landowner will have less for the opportunity to harvest pulpwood and logs to harvest. Loggers and wood cutters will lose work. Employees of sawmills, paper mills, veneer mills and other manufacturing plants will have less work. Truckers and railroads will lose business and employment is reduced. All of these people will suffer as will the economy."

All citizens should be "insensitivist," says Purvis. "The community must take the time to prevent the economic strength of the state and nation from being destroyed."

Cuevas-Taconi Wedding

Miss Lillian Jane Taconi, daughter of Joseph E. Taconi and the late Mrs. Taconi of Bay St. Louis, became the bride of Ellis Charles Cuevas, son of Mrs. Lena Cuevas of Waveland and Robert E. Cuevas of Bay St. Louis, at 11 o'clock Saturday morning in the Main Street Methodist Church.

The Rev. E. E. Price, pastor, performed the double ring ceremony before an altar banked with white gladioli and Majestic daisies. Mrs. J. B. Goldman, organist, accompanied Mrs. Billy McLain who sang "Because and I Love You Truly."

The bride was given in marriage by Louis Rehm of New Orleans, a friend of the family.

She wore a street length dress of white silk organza over taffeta fashioned with a full skirt and fitted bodice with round neckline and short sleeves. A band of Chantilly lace embroidered with seed pearls trimmed the front of the waist and skirt.

Her short veil of imported illusion fell from a crown of seed pearls and she carried a bouquet of lily of the valley and white carnations.

Mrs. Pedro Monti was her sister's matron of honor, and bridesmaids were Mrs. Paul Loup III of Baton Rouge and Miss Peggy Smith of Bay St. Louis and New Orleans.

They wore pale blue nylon dresses over taffeta. The fitted bodices featured round necklines and puffed sleeves. Their wide brimmed hats of blue tulle were trimmed with white daisies and they carried bouquets of Majestic daisies.

Powell Glass Jr., served as best man, and groomsmen were Will Price and Milton Bernard of Bay St. Louis.

White blossoms and greenery decorated Fellowship Hall for the reception following the ceremony. The bride's table, covered with a white cloth with a skirt of nylon, was centered with a three-tiered cake trimmed with pastel yellow roses, sugared swans and doves, topped by triple sugar spun

Miss Patricia Adam, granddaughter of Mr. and Mrs. Phillip Adam of 1366 Dunbar Avenue, graduated Wednesday, June 5, from Alcee Fortier High School, New Orleans. Commencement exercises were held in the Municipal Auditorium.

An honor graduate, Miss Adams is a member of the Fortier Chapter of the National Society.

RECOVERING

Ed. Green of Lakeshore is doing nicely following removal from his cheekbone of a fragment of glass which had been there for 63 years.

A member of the family said the piece of glass was shot from a slingshot by his brother when Mr. Green was nine years old.

DISCHARGED

Eugene Dillmann was discharged from Hancock General Hospital Tuesday and is reported recuperating nicely at his home.

ALL-DAY PICNIC

Plans are being completed for the all day picnic for the benefit of St. John's Catholic Church to be held at Star Route Farm Sunday, June 16.
